

**REMARKS**

The Notice of Drawing Inconsistency with the specification specifies that the drawings filed on December 19, 2001 are inconsistent with the specification because Figure 14B is not listed in the brief description of the drawings. The applicant has corrected this inconsistency.

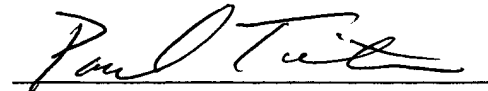

The applicant respectfully requests that the patent be granted as amended in by this paper.

Respectfully submitted,

DERGOSITS & NOAH LLP

Dated: November 8, 2006
